Coeur Mining Files Technical Report for La Preciosa Project

Chicago, Illinois – September 4, 2014 – Coeur Mining, Inc. (“Coeur”) (NYSE: CDE) announced today that it has filed its technical report pursuant to Canadian National Instrument 43-101 (“NI 43-101”) for its wholly-owned La Preciosa silver-gold project located in Durango state, Mexico. The report dated August 29, 2014 and effective July 29, 2014 was produced in accordance with NI 43-101 guidelines. A copy of the technical report may be obtained at www.sedar.com.

About Coeur

Coeur Mining is the largest U.S.-based primary silver producer and a significant gold producer with four precious metals mines in the Americas employing nearly 2,000 people. Coeur produces from its wholly owned operations: the Palmarejo silver-gold mine in Mexico, the San Bartolomé silver mine in Bolivia, the Rochester silver-gold mine in Nevada and the Kensington gold mine in Alaska. The Company also has a non-operating interest in the Endeavor mine in Australia in addition to net smelter royalties on the Cerro Bayo mine in Chile, the El Gallo complex in Mexico, and the Zaruma mine in Ecuador. In addition, the Company has two silver-gold development projects - the La Preciosa project in Mexico and the Joaquin project in Argentina. The Company also conducts ongoing exploration activities in Alaska, Argentina, Bolivia, Mexico, and Nevada. The Company owns strategic investment positions in several silver and gold development companies with projects in North and South America.
